ANDERSON, SMYER & RIDDLE L.L.P.

The lawyers at Anderson, Smyer & Riddle are old-fashioned advocates in the true sense of the word: Their mission is to zealously support and defend their clients' causes.

TRUE PARTNERSHIP For the lawyers at ASR, it's not enough to simply know the law. In addition to their legal expertise, they begin each case with a comprehensive analysis of the evidence and the client's needs. Every client gets individual attention. ASR tailors their services to the specific requirements and unique challenges of each case. The lawyers are dedicated to supporting and defending their clients, and they care about every client they represent.

Communication is the key factor in ASR's distinctive approach. The lawyers collaborate with the client to develop a plan that best serves the client's cause. Constant communication with the client creates a supportive atmosphere in which the lawyers and the client are partners in handling the case. This philosophy of partnering with their clients has led to successful

outcomes in federal and state courts in Texas, Arkansas, Missouri, Oklahoma, and Tennessee.

THE CASE BELONGS TO THE CLIENTS, NOT THE LAWYERS.

VERSATILITY AND SUCCESS The four lawyers of ASR bring diverse backgrounds and experiences to the firm. This versatility enables them to successfully handle a wide variety of cases, including all forms of business dealings, professional liability, health care, products liability, aviation and transportation liability, and personal injury cases. But most importantly, the lawyers are truly in partnership with each other, and their friendship and mutual respect allows them to effectively work together and help each other.

RISING STARS ASR partners Geoffrey W. Anderson and Joel P. Smyer have been working together for years – in fact, they

went to law school at Baylor University together. Now together they have been chosen as Texas Rising Stars. Joel Smyer has been recognized by the Million Dollar Advocates Forum through jury verdict. "Service to our clients requires a plan of action," Smyer says. "That plan focuses on getting a case in the best position for trial while watching the bottom line at all times." Geff Anderson, who has been appointed special deputy prosecutor with the Tarrant County District Attorney's Office, agrees. He adds, "ASR and the client set the goals for the litigation and strive to attain success quickly."

Through partnership and personal attention, Smyer, Anderson, and the other lawyers at ASR are dedicated to being genuine advocates for their clients.
